Sir:

Upon review of the file contents on the Patent Office IFW system it has been determined that the Declaration submitted during the PCT phase of this application was not signed by all of the inventors. OIPE apparently did not discover this either because there was no notice to file missing parts or other statements made in relation to the originally submitted declaration. The Notice of Acceptance of Application under 35 USC 371 mailed on March 7, 2005 simply

indicated that all of the 371 requirements had been received. Attached hereto is a supplemental declaration executed by all of the inventors. Any fees due should be charged to Jones Day Deposit Account No. 501432, ref: 555255012760.
